**-Spring Symposium:** Feb 20<sup>th</sup>, Speaker Dr. Sarah Wells. Trying to determine if Dr. Sarah will use 1 student or panel of several. Theresa suggests that we use several students so not too much pressure on one. Joyful mess Alicia Trotter – Amber hasn't heard back yet if she wants to put on a small childcare/children's program during the Spring Symposium. What does she need in way of volunteers and supplies? High school/middle school volunteers could help for credit. NHS hours for these kids. Topics for spring symposium: Stress and the overachiever. Kid panel. 5 gifted HS kids invited to participate. Gifted students are worst learners because they stop taking academic risk. GPA game. How to motivate or get them to relax. Ask Dr. Wells if she would like panel or prefer to speak separately. Amber to liaison with Dr Wells.

**-Brochures** – Tina wants to print brochures with all our info for multipurpose.

**-Summer camp fair-** Saturday March 21, 2020. Theresa to ask and make sure our decision to charge vendors is still okay with Folsom and the admin. We've decided to charge vendors \$50 per spot, \$100 for VIP spot, and "limited number" of 19 months of sponsorship for \$250 comes with premium booth spot. Hours of camp 9-12 at Folsom. Could camp invention offer a \$25 discount instead of a vendor fee? Theresa to ask. Theresa also suggests a scavenger hunts for attendees. Get a stamp from each attendee. Framed certificate for sponsors. Maybe create a sticker for sponsors to place in their windows. Weekly meetings and emails to get this moving.

**-Budget-** *Mark* – IRS request for changing fiscal year. He will file depending on what he hears back from IRS. Tina wants *Mark* to check out Click-up app and software. We ended last year about \$8,000 and we have about same amount currently. Year has been budget-neutral.
